

## Announcement of the EAPM Wroclaw conference president

*Dear EAPM members and participants of the EAPM conferences,*

The COVID-19 pandemic has affected us all, regardless of country, position or age. This time is a lesson of taking a greater responsibility for our health, our loved ones, and us as societies.

Due to the official decision of the EAPM Board to postpone the EAPM 2020 conference in Vienna to the next year for epidemiological reasons, the Programme committee decided to

**postpone the 9th annual scientific conference of the European Association of Psychosomatic Medicine in Wroclaw to June, 22-25 2022.**

We encourage you to register for the EAPM conference in Vienna 2021, as well as check the news on our website.

We very much hope that we will all stay healthy and can meet at the EAPM conference in 2022 in Wroclaw, Poland.

***Joanna Rymaszewska***

On behalf of the conference committee
