

Dear EAPM Members and friends,

The purpose of this communication package is to promote the EAPM 2023 Wroclaw Conference!

It includes ready-to-use text and graphics for social media, newsletters, and email to make it easy for you to promote the Vienna Conference amongst your networks. We would encourage you to use the graphics when posting as it will make your posts perform better.

Any questions, please contact Saya Niwa at [saya.niwa@umw.edu.pl](mailto:saya.niwa@umw.edu.pl)

#### **Email template**

Dear [insert name],

Abstract and symposia submission for EAPM 2023 Wroclaw Conference is now open until January 31st, 2023!

I would like to invite you to attend this EAPM 2023 Wroclaw Conference 'LOOKING ACROSS THE BRIDGE – DIALOGUES BETWEEN PROFESSIONALS' which will be held in-person in Wroclaw (Poland) on June 15-17 2023.

Please have a look at our website here: [www.eapm-conference.org](http://www.eapm-conference.org)

#### **What is the conference about?**

Main goal of the European Association of Psychosomatic Medicine is to strengthen the collaboration between researchers, practitioners and teachers in the field.

Our mission is to share, exchange and develop the insights of psychosomatic research and perspectives across national borders for the benefit of all patients.

The title of this conference is 'LOOKING ACROSS THE BRIDGE – DIALOGUES BETWEEN PROFESSIONALS': Learn about current psychosomatic research. Psychosomatic disorders play an important role in the increasingly complex developments of our globalised society and present us psychosomatic therapists, CL psychiatrists and psychotherapists in different countries with special challenges.

Meet colleagues from all over the world in the beautiful city of Wroclaw.

At this 2,5-day conference, you will receive exclusive insights into the latest European psychosomatic research.
